

VIKTEC®

— NEVER STOP IMPROVING —

Since 2010

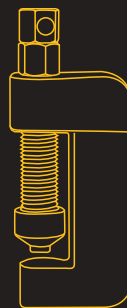

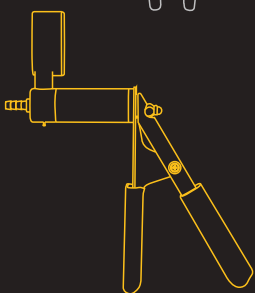

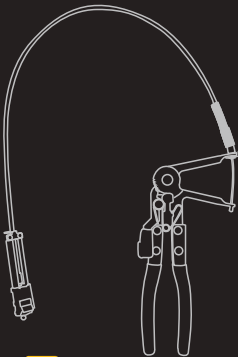

One-Stop Specialty Tools Supplier

NINGBO DICONG MACHINERY CO., LTD.

www.chinaviktec.com

CE | ISO 9001 | SGS | intertek

.The principle of VIKTEC series products is always creating new products.

.We insist best quality and constantly invent all kinds of tools.

Our Advantage

- More than **15 years** experiences on designing, manufacturing and exporting in specialty tools.
- **Reasonable prices** from factory's supplying directly.
- **OEM** color, label, manual and package are Welcomed.
- **R&D team** is qualified to do customized project for OEM orders.
- Standard products **in stock** ensure the punctual delivery time.
- **Inspection** is carried out all through the production process.
- Export sales team is professional to serve customers, quick respond and excellent after-sales.
- Convenient transportation, **1 hour** by truck shipped to Ningbo port.
- Complianced with "CE", "Reach", Management with "GB/T 19001-2016/ISO 9001:2015"

VT01069E

Multi-function Freezing Point Meter

The diagram illustrates the optical path of a refractometer. Light from a sample enters a prism, creating a shadow line. The angle of refraction is determined by the concentration of the sample. A lens focuses the light onto a screen for calibration. The resulting circular field of view shows a dark blue area for low concentration and a lighter blue area for high concentration.
